WAC Executive Board Report

Members, we need your help in becoming members of the WAC Board or finding others that will serve on our Board. We are still in need of someone to take the lead in our publicity committee. It is vitally important that we continue to “tell our story” in local publications to attract new members and spread the news of what a wonderful place WAC is to get healthy. Help us keep our membership strong and our finances in the black. Please step up and say you will help. We have had a very successful past year and will continue with great leadership. Come and be part of our team. Lucy Silliman, Chairman

Summer Swim Lessons Were a Hit!

FANTASTIC is the only word to describe our summer swim lessons! Led by teacher Bobbie Jones and assisted by Brenten Sawyer, Ann Marie Holtz, and Carol Dollar, we heard nothing but the highest praise for this program. As one parent reported, “We couldn’t get our son to even step into the water. After swim lessons at WAC, we can’t keep him out of the water.” Each lesson not only taught swimming, but also included instruction on safety around the

water. This is such an important program for our lake area. We owe a huge thanks to The Community Foundation of the Lake for providing the grant money to make these lessons affordable and to our tremendous staff for making the lessons a reality!

Swim Teams Begin Practice in August

Camdenton High School will begin another year training at WAC this August. The boy’s team led by Coach Anna Leezer will begin practice in August and continue through November. They were very successful last year in their 1st year of competition. The girl’s team coached by Paige McCane begins at the conclusion of the boy’s program and finishes their season in mid February. For many years WAC has been the home base for The Tridents Swim Club which is coached by Clark Palmer and Anna Leezer. This is a travel swim team for boys and girls ages 4 to 18. We are proud to support our local youth and pleased we can again host their practices.

Membership News

Our membership numbers are up for 2017 with 1917 individual visits at the end of June. Our early morning lap swim and water aerobics have been very well attended. Please help to share your space with others and keep up the good work. WAC is the place to “build your own good health”. Good job, everyone!
